Authors

Emerson Victoria Johnston is a research assistant with the Hoover Institution's Technology Policy Accelerator. A Knight-Hennessy Scholar, she holds a master's in international policy from Stanford University, and is on leave from its master's program in the history of science, technology, environment, and medicine.

Dr. Amy Zegart is the Morris Arnold and Nona Jean Cox Senior Fellow at the Hoover Institution, director of Hoover's Technology Policy Accelerator, and a senior fellow and associate director at Stanford University's Institute for Human-Centered Artificial Intelligence.

Data come from the Integrated Postsecondary Education Data System (IPEDS), the Department of Homeland Security's SEVIS by the Numbers, the National Assessment of Educational Progress, NSF's Survey of Graduate Students and Postdoctorates and Survey of Earned Doctorates, the Department of Labor's Office of Foreign Labor Certification, the USCIS H-1B Employer Data Hub, the Census Bureau's American Community Survey and USPTO patent data via PatentsView, processed in Python; every figure and table is generated from those sources, and each one names its source.

About This Profile

This profile is a companion to *The 2026 US Talent Report: Benchmarking America's STEM Pipeline Amid the Great Talent Competition*. It applies the report's measures to Wyoming: the students the state develops at home, those it draws from abroad, and how both compare with the nation and with the states closest to it in size.

Degrees, enrollment, prices, outcomes and faculty come from IPEDS, the federal census of U.S. colleges and universities, harmonized across 1980–2025. Countries of citizenship come from SEVIS by the Numbers, the Department of Homeland Security's monthly count of active F-1 and M-1 students. Each figure names its source. Peer states are the four closest in total fall enrollment.

Public Data and Tools

The data behind every chart come from federal sources: the Integrated Postsecondary Education Data System (IPEDS), published by the National Center for Education Statistics, as the backbone, together with NAEP, NSF's surveys of graduate students, doctorates and research funding, USAspending.gov, DHS and ICE SEVIS data, the Department of Labor, USCIS, the Census Bureau's American Community Survey and Post-Secondary Employment Outcomes, and USPTO PatentsView. Each figure names its source, and the Sources page lists all of them. An interactive version of this profile accompanies the report.

AT A GLANCE

What Wyoming's numbers say

1. **International students earn 37% of Wyoming's STEM master's degrees,** 14.7 points below the U.S. (52%) in 2025, ranking 33rd of 51 on dependence. The share is 37% for STEM research doctorates (U.S. 43%) and 1.9% for STEM bachelor's (U.S. 6.6%).
2. **Wyoming awarded 37 STEM master's degrees to international students in 2025,** 0.0% of the U.S. total and 48th of 51 among states. Since 2015 the count changed +23%, against 2.2× nationally.
3. **Among states of similar size,** Wyoming ranks 1st of 5 on the international share of STEM master's: Wyoming 37%, Vermont 9.6%, Alaska 16%, Montana 18%, North Dakota 36%.
4. **65% of Wyoming's first-time students in fall 2024 were state residents** and 3.6% came from abroad. More students arrived from other states (1.54K) than residents left (1.28K), a net gain of 261; the top destination for those leaving was Utah.

37%

of the STEM master's degrees Wyoming awards go to international students (U.S. 52%).

SECTION 1

International Dependence

Wyoming ranks 18th of 51 on the international share of graduate enrollment, at 16% in 2024 against 17% for the U.S.

Figure 1 What Share of Wyoming's Degrees Go to International Students?

International share of degrees awarded, all fields; state solid, U.S. dashed. Data from NCES, IPEDS Completions, 1985–2025.

International students make up 16% of Wyoming's graduate enrollment and 1.7% of its undergraduates. Dependence climbs with each degree: 1.2% of bachelor's, 14% of master's and 29% of research doctorates go to international students.

In STEM the shares are higher still: 1.9% of STEM bachelor's, 37% of STEM master's and 37% of STEM doctorates. The state awards 0.0% of all U.S. international STEM master's, 48th of 51.

Figure 2 Where Do Wyoming's International Students Come From?

Active F-1 and M-1 students by country of citizenship, the five largest in October 2026; one fall snapshot per year (the month closest to November), October 2014–October 2026. All education levels. Data from DHS, SEVIS by the Numbers.

In October 2026, Wyoming had 964 active international students in SEVIS, 49th of 51. Bangladesh accounted for 9.9% of them and Nepal for 8.8%, against 2.3% and 2.9% nationally.

Students came from 96 countries, but the two largest supplied 19%. The state's total is down 8% since 2015, when it stood at 1.05K.

SECTION 1 · INTERNATIONAL DEPENDENCE

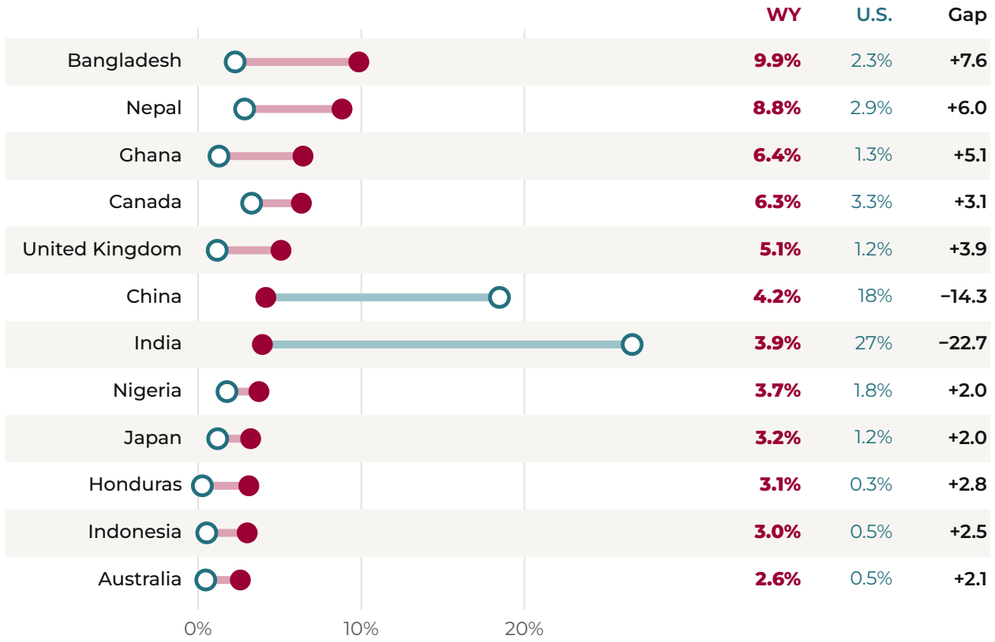

How Does Wyoming's Mix of Countries Compare With the Nation's?

In October 2026, Wyoming had **964** active F-1 and M-1 students, 49th among the 50 states and DC and **0.1%** of the U.S. total. They came from 96 countries.

Bangladesh supplied **9.9%** of them, against 2.3% nationally, and Nepal **8.8%**, against 2.9%. Ghana (6.4%), Canada (6.3%), and the United Kingdom (5.1%) followed.

Together the two largest countries supplied **19%** of the state's international students (U.S. 45%), 49th among the states, against 27% in 2015.

Figure 3 Is Wyoming's Mix of Countries Like the Nation's?

The state's count is down 1.0% from 2025 and down 7.8% since 2015, when it stood at 1.05K. Its share of all U.S. international students is unchanged since 2015, at **0.1%**.

Since 2015, the number of students from Bangladesh went from 19 to 95, Nepal's from 47 to 85, and Ghana's from 9 to 62.

Over the same years, the number from Canada went from 74 to 61 and the United Kingdom's from 24 to 49. The table gives each country's count for the first, previous and latest years.

Table 1 International Students in Wyoming, 2015–2026

	2015	2025	2026	Change since 2015	U.S. 2026	Rank
ALL INTERNATIONAL STUDENTS						
Active F-1 and M-1 students	1.05K	974	**964**	−7.8%	1.19M	49th
Share of U.S. active F-1/M-1 students	0.1%	0.1%	**0.1%**	0.0 pp	–	49th
Countries of citizenship represented	106	97	**96**	−9.4%	219	49th
Share from the two largest countries of origin	27%	17%	**19%**	−8.5 pp	45%	49th

United Kingdom	24	49	**49**	–	1.2%	5.1%

Active F-1 and M-1 students, one fall snapshot per year (the month closest to November; 2019 has none; the latest year is October 2026). Rank among the 50 states and DC. Data from DHS, SEVIS by the Numbers.

Figure 4

Which Countries Supply Wyoming's International STEM Students?

594 of Wyoming's international students were in STEM fields in October 2026, **62%** of the total against 63% nationally, down 8.0% since 2015.

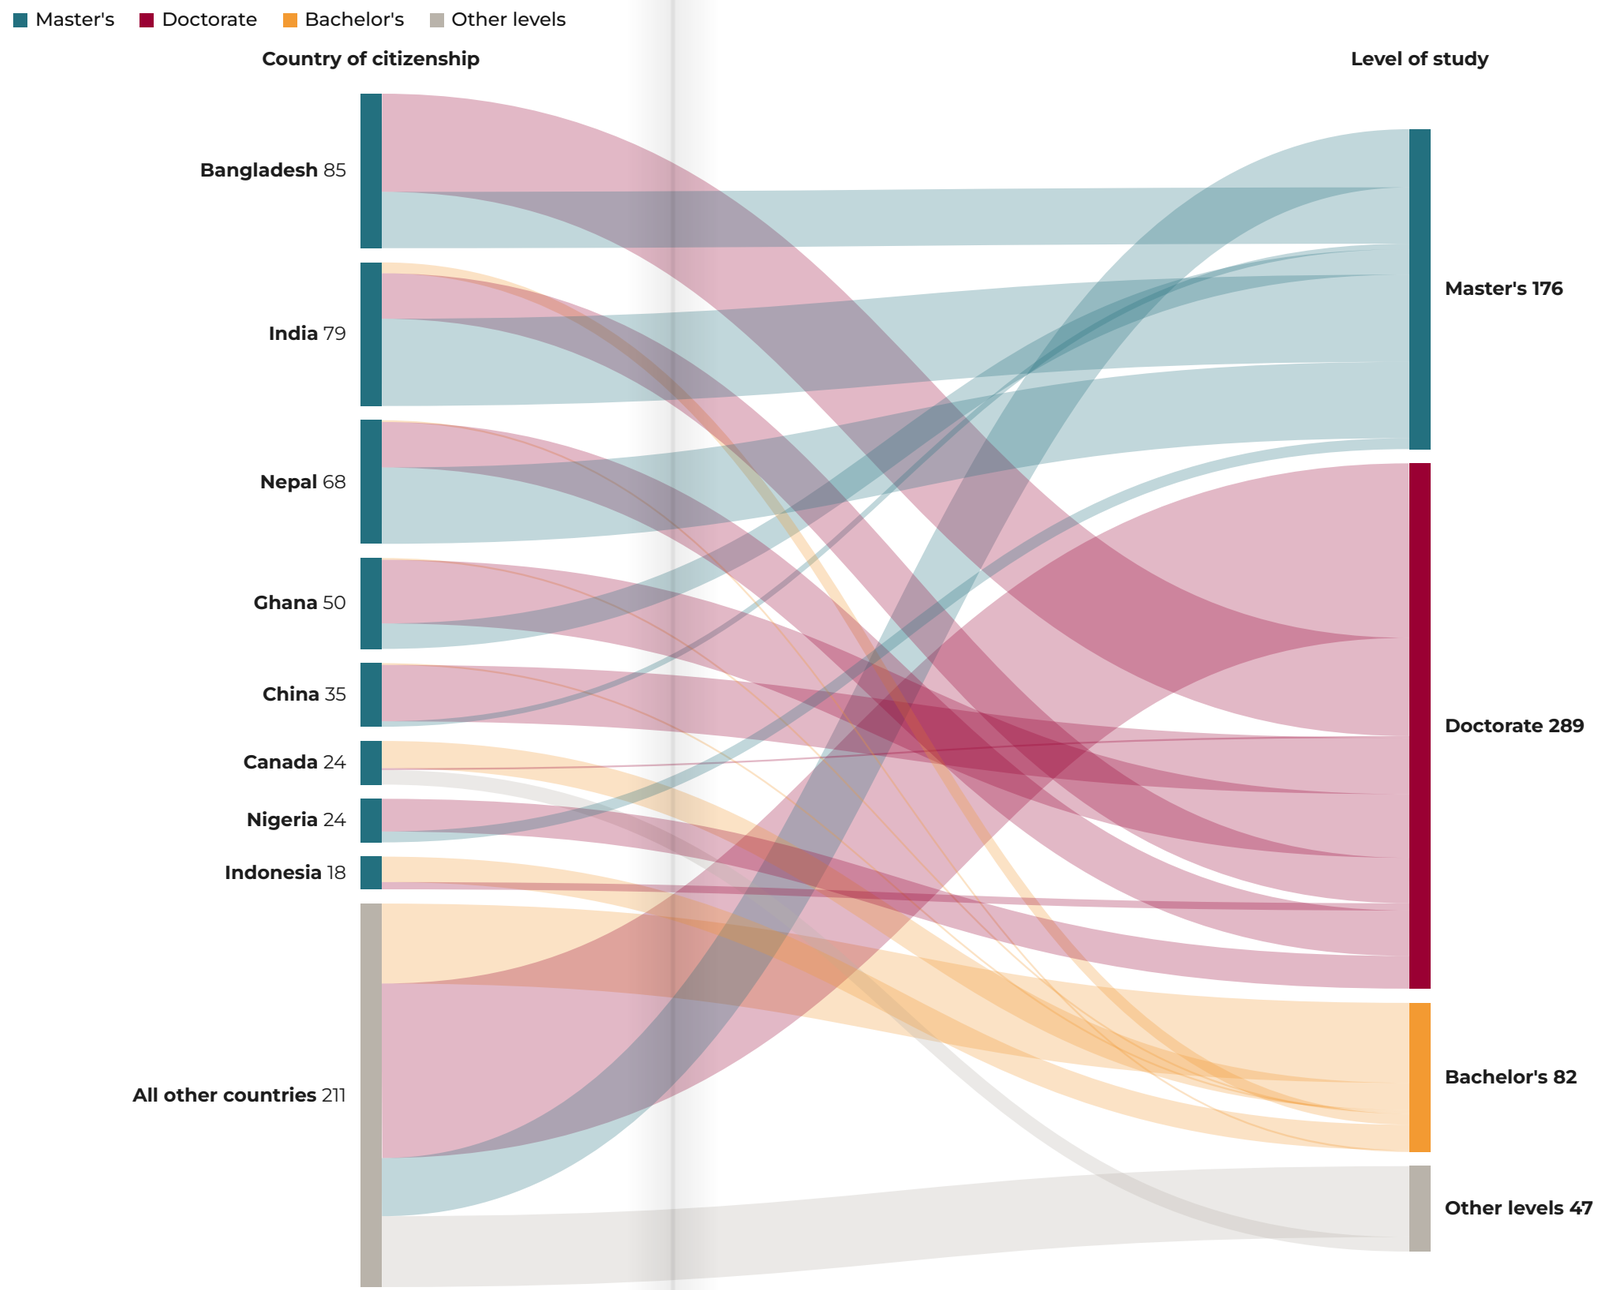

Doctoral students were the largest group, **289**. Bangladesh supplied 19% of them and Ghana 12%.

STEM doctoral students went from 257 in 2015 to **289**, and STEM master's students from 86 to 176.

594
Active STEM F-1/M-1 students, 2026
U.S. **749K** · **49th** of 51 · −8.0% since 2015

Share in STEM fields
U.S. **63%**

176
Active STEM master's students, 2026
U.S. **393K** · **48th** of 51 · 2.05× since 2015

Active F-1 and M-1 students in STEM fields by country of citizenship and level of study, October 2026; the eight largest countries are shown. DHS does not draw its STEM pages on the same basis as its all-student pages, so the STEM count here exceeds the all-level count for India (79 against 38). Data from DHS, SEVIS by the Numbers, October 2026.

SECTION 1 · INTERNATIONAL DEPENDENCE

How International Are Wyoming's Master's Fields?

The table gives the international share of degrees in each STEM field at three levels: Wyoming first, the United States after the slash. The master's column is highlighted. A dash means the state awarded no degrees in the field at that level.

International share of STEM bachelor's. The share was 1.9% in 2025, against 6.6% for the U.S., 48th among the states, down 0.5 points from 2.4% in 2024 and down 6.7 points since 2015, when it was 8.6%.

Table 2 How International Is Each STEM Field?

Field	Bachelor's	Master's	Doctorates
Computer & info sciences	8.1% / 8.6%	**– / 65%**	– / 56%
Engineering	1.4% / 7.2%	**59% / 49%**	– / 55%
Engineering technology	– / 4.5%	**– / 54%**	– / 42%
Math & statistics	– / 17%	**– / 55%**	– / 53%
Physical sciences	2.2% / 6.0%	**41% / 33%**	– / 38%
Biological sciences	0.7% / 3.4%	**– / 23%**	23% / 23%
Natural resources	0.0% / 2.0%	**– / 17%**	– / 27%
Architecture	– / 7.3%	**– / 29%**	– / 55%

International share in Wyoming / U.S., 2025. Data from NCES, IPEDS Completions.

Data from NCES, IPEDS.

SECTION 2

STEM Degrees

Wyoming ranks 3rd of 51 on the STEM share of research doctorates, at 58% in 2025 against 39% for the U.S.

Figure 5 How Much of Wyoming's Degree Output Is STEM?

STEM share of degrees by level; state solid, U.S. dashed. Data from NCES, IPEDS Completions.

STEM fields account for 22% of Wyoming's bachelor's degrees, 17% of its master's and 58% of its research doctorates (U.S. 24%, 23% and 39%).

The STEM share of master's degrees is down 2.4 points since 2015, and the state ranks 34th of 51 on it. On the STEM share of bachelor's degrees it ranks 33rd of 51.

22%

SECTION 3

Where Students Come From

Wyoming ranks 14th of 51 on the share of first-time students whose home is outside the US, at 3.6% in 2024 against 3.1% for the U.S.

Figure 8 First-Time Students by Home and Destination, Fall 2024

Home of first-time degree-seeking undergraduates (left) and the state of the institution entered (right); the five largest sources and destinations, the rest grouped. Data from NCES, IPEDS Fall Enrollment.

3.32K residents stayed in Wyoming for college in fall 2024; 1.54K students arrived from other states and 182 from abroad, while 1.28K residents left.

Each band runs from a student's home on the left to the state where they enrolled on the right. 65% of the state's first-time students are residents (U.S. –).

SECTION 5

Graduate Research

Wyoming ranks 50th of 51 on research doctorates awarded, at 81 in 2025 against 59K for the U.S.

Figure 13 How Many of Wyoming's Science and Engineering Graduate Students Hold Temporary Visas?

Temporary-visa share of science and engineering graduate students and postdoctoral appointees, by the institution's state; state solid, U.S. dashed. NSF stopped publishing state tables after 2016. Data from NSF NCSES, Survey of Graduate Students and Postdoctorates.

In 2016, the last year NSF published state tables, 29% of Wyoming's science and engineering graduate students held temporary visas (U.S. 39%; 35th of 51).

Among postdoctoral researchers, the share was 50% (U.S. 56%). Postdocs are the stage of research training most dependent on international talent, and IPEDS does not count them.

The state's institutions awarded 81 research doctorates in 2025, 0.1% of the U.S. total (Data from NSF NCSES, Survey of Earned Doctorates; NSF publishes doctorates by citizenship only for the nation).

29%

SECTION 6

Do Graduates Stay?

Wyoming ranks 23rd of 33 on the share of bachelor's graduates working in the state 1 year after graduating, at 57% in 2019 against 72% for the U.S.

Figure 14 How Many of Wyoming's Graduates Go On to Work in the State?

Share of employed graduates working in the state of their institution, by graduating cohort (Data from U.S. Census Bureau, Post-Secondary Employment Outcomes; participating institutions only); international graduates' OPT jobs in the state where they studied (Data from ICE, SEVIS FOIA releases; shares only, the file is truncated). State solid, U.S. or participating states dashed.

Of Wyoming's bachelor's graduates who were working a year after graduating, 57% worked in the state (participating states 72%). Five years out the share was 43%.

Among international graduates on Optional Practical Training in 2016, 34% worked in the state where they studied (U.S. 44%). That is the last year the released records cover, before most of the growth in international STEM master's degrees since 2015. Through migration between states, the state gained 3.9 bachelor's-plus adults per 1,000 such residents in 2025 (Data from U.S. Census Bureau, American Community Survey).

· **17th** of 51 · +30.8 since 2015

SECTION 7

Research Funding

Wyoming ranks 51st of 51 on federal R&D obligations to the state, at $111M in 2024 against $193B for the U.S.

Figure 15 How Much Research Money Flows Into Wyoming?

Nominal dollars (not adjusted for inflation), fiscal years; a line ending before the others is labeled with its last year. University R&D: Data from NSF NCSES, Higher Education Research and Development Survey (FY2003-09 predecessor survey). Federal R&D obligations by state of performance: Data from NSF NCSES, Survey of Federal Funds for R&D (coverage widens in FY2021). Grants from NSF, NIH, NASA and DOE Science plus R&D contracts: Data from USAspending.gov.

Wyoming's universities spent $167M on research and development in FY2024, 50th of 51 among the states; 44% of it was federally funded (U.S. 55%).

Federal agencies obligated $111M for R&D performed in the state in FY2024. Research funding drives demand for graduate students and postdocs, the stage of training most dependent on international talent.

SECTION 8

H-1B Jobs and Green Cards

Wyoming ranks 51st of 51 on certified H-1B positions, by worksite, at 258 in 2025 against 914K for the U.S.

Figure 16 How Many Skilled-Visa Jobs and Green-Card Certifications Does Wyoming Generate?

Certified H-1B positions on labor condition applications by worksite and certified PERM green-card applications, by fiscal year (Data from DOL, Office of Foreign Labor Certification); new H-1B petition approvals by the employer's address (Data from USCIS, H-1B Employer Data Hub).

Employers were certified for 258 H-1B positions at Wyoming worksites in FY2025, 51st of 51 among the states. A labor condition application comes before the petition and covers renewals and job changes as well as new hires, by the worksite's state, so it runs well above approvals. USCIS approved 131 new H-1B petitions in FY2026 and 64 continuing ones, counted by the employer's address.

DOL certified 51 PERM applications, the employer's step toward an employment-based green card, for jobs in the state in FY2025. In FY2024, 7.1% were for workers still on F-1 student visas (U.S. 8.7%): the most direct link from classroom to permanent residence.

258

SECTION 11

Competitors

The four states closest in total fall enrollment, measured proportionally (a state 1.5 times as large counts as near as one two-thirds the size), are Vermont, Alaska, Montana, and North Dakota. Wyoming ranks 1st of the five on the international share of STEM master's; Wyoming is the most dependent at 37%.

Figure 20 How Dependent Are Wyoming and Its Peers on International STEM Master's?

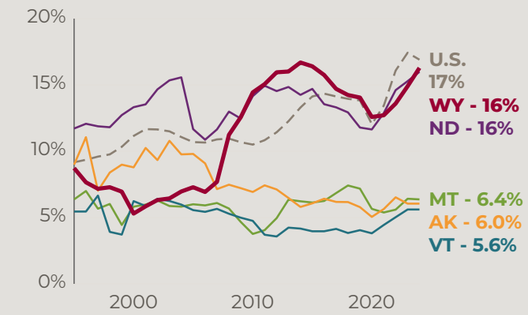

Data from NCES, IPEDS Completions.

SECTION 12

Fields of Study

Figure 25 How Many Degrees Does Wyoming Award?

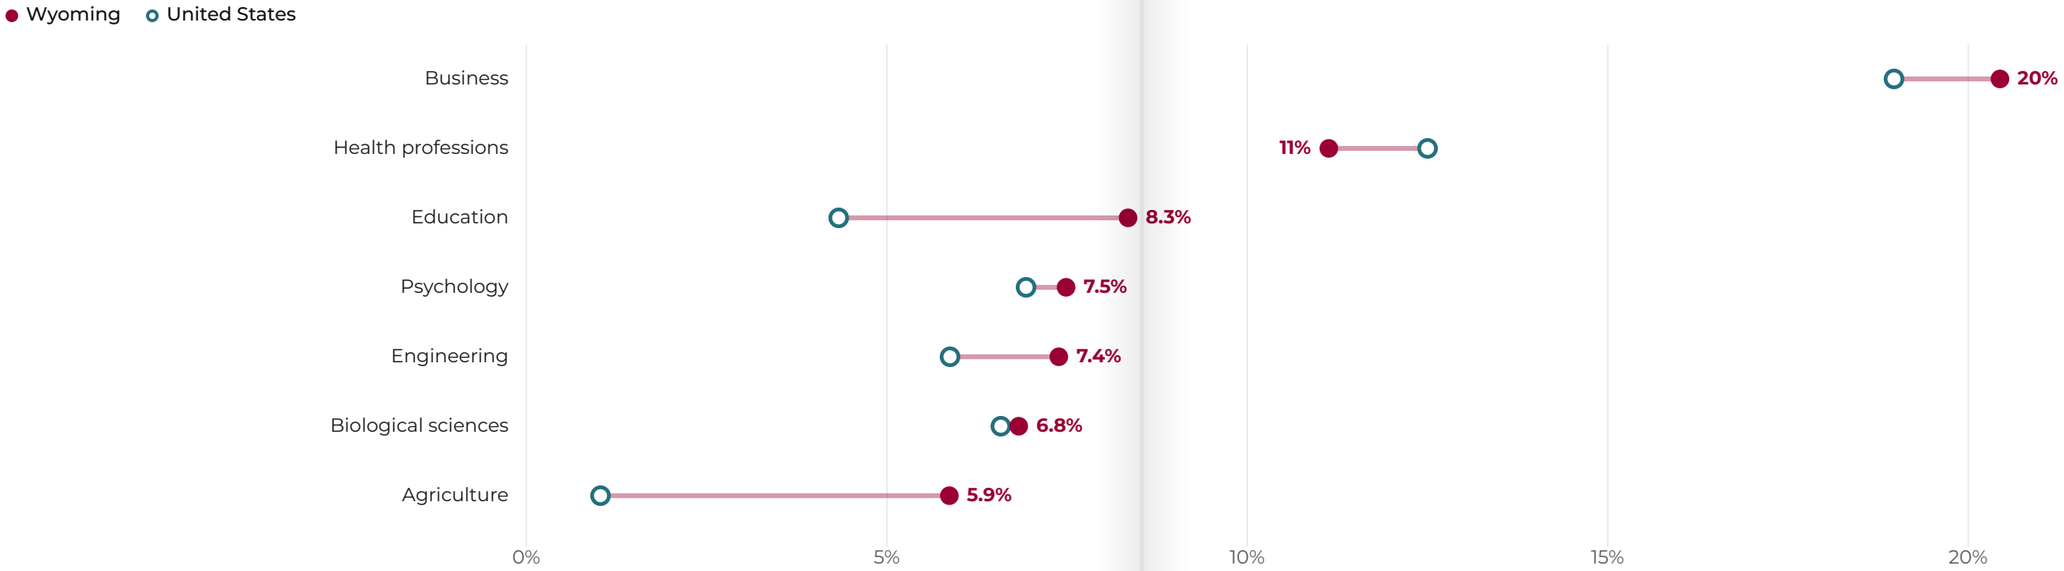

Degrees awarded by level, first majors. Data from NCES, IPEDS Completions.

In 2025, Wyoming's institutions awarded 2.58K associate's degrees, 1.98K bachelor's degrees, 580 master's degrees, 93 research doctorate degrees, 99 professional doctorate degrees.

Since 2015: associate's down 13%; bachelor's down 2%; master's up 25%; research doctorate roughly flat; professional doctorate down 23%. The state awards 7.0 bachelor's degrees for every 100 undergraduates (U.S. 12.3).

Figure 26 What Do Wyoming's Bachelor's Graduates Study?

Share of bachelor's degrees by field, 2025. Data from NCES, IPEDS.

Wyoming's largest bachelor's fields are business (20%; U.S. 19%), health professions (11%; U.S. 13%), education (8.3%; U.S. 4.3%).

Relative to the nation, Wyoming's bachelor's degrees are most concentrated in agriculture (5.71× the U.S. share), education (1.93× the U.S. share), engineering (1.26× the U.S. share).

1.9%

Figure 28 How Has Wyoming's Bachelor's Field Mix Changed?

Share of bachelor's degrees in the largest fields. Data from NCES, IPEDS Completions.

Since 2015, business has gained the most ground, 7.3 points of the state's bachelor's degrees, while engineering lost the most (2.3 points).

The chart follows the share of bachelor's degrees in each of the state's largest fields; smaller fields are grouped as other fields.

SECTION 12 · FIELDS OF STUDY

Where Is Wyoming Most Specialized?

The location quotient divides a field's share of Wyoming's bachelor's degrees by its share of all U.S. bachelor's degrees in 2025. A quotient of 1.00 means the same share as the nation; 2.00 means twice the national share. The table lists the 7 fields with the highest quotients among fields with at least 50 degrees.

Highest location quotients. Agriculture (5.71, with 5.9% of the state's bachelor's degrees against 1.0% for the U.S.), education (1.93, with 8.3% of the state's bachelor's degrees against 4.3% for the U.S.), and engineering (1.26, with 7.4% of the state's bachelor's degrees against 5.9% for the U.S.) had the highest quotients.

Table 5 Where Is Wyoming Most Specialized?

Field	Location quotient	State share	U.S. share	Degrees
Agriculture	**5.71**	5.9%	1.0%	116
Education	**1.93**	8.3%	4.3%	165
Engineering	**1.26**	7.4%	5.9%	146
Psychology	**1.08**	7.5%	6.9%	148
Business	**1.08**	20%	19%	404
Biological sciences	**1.04**	6.8%	6.6%	135
Health professions	**0.89**	11%	13%	220

Bachelor's degrees; location quotient = state share ÷ U.S. share; fields with 50+ degrees. Data from NCES, IPEDS.

22%

Data from NCES, IPEDS.

SECTION 13

Students and Money

Wyoming ranks 50th of 51 on fall enrollment, at 31.1K in 2024 against 19.7M for the U.S.

Figure 29 How Has Enrollment Changed?

Fall headcount enrollment. Data from NCES, IPEDS Fall Enrollment.

In fall 2024, Wyoming enrolled 28.4K undergraduates and 2.68K graduate students, 31.1K in all (50th of 51).

Undergraduate enrollment is down 10% since 2015 and graduate enrollment up 3% since 2015. Graduate students are 8.6% of all students (U.S. 17%).

31.1K

8.6%

Graduate share of students, 2024

U.S. **17%** · **50th** of 51 · +1.0 pp since 2015

46%

Students attending part-time, 2024

U.S. **39%** · **9th** of 51 · +1.1 pp since 2015

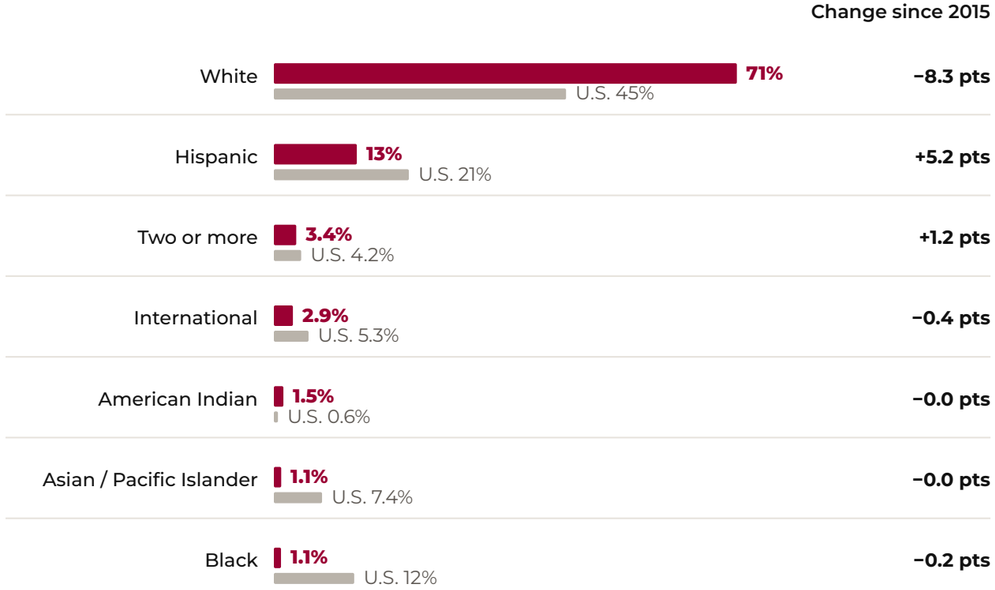

SECTION 13 · STUDENTS AND MONEY

Who Enrolls in Wyoming, and Where?

In fall 2024, White students were the largest group at Wyoming's degree-granting institutions, **71%** of enrollment against 45% nationally, down 8.3 points since 2015.

Hispanic students were **13%** (U.S. 21%), up 5.2 points since 2015, and students of two or more races were **3.4%** (U.S. 4.2%), up 1.2 points since 2015.

Figure 30 Who Enrolls in Wyoming?

Share of fall 2024 headcount enrollment by race and ethnicity; students of unknown race are left out of the chart. Data from NCES, IPEDS.

71%
White students
U.S. **45%** · −8.3 pp since 2015

13%
Hispanic students
U.S. **21%** · +5.2 pp since 2015

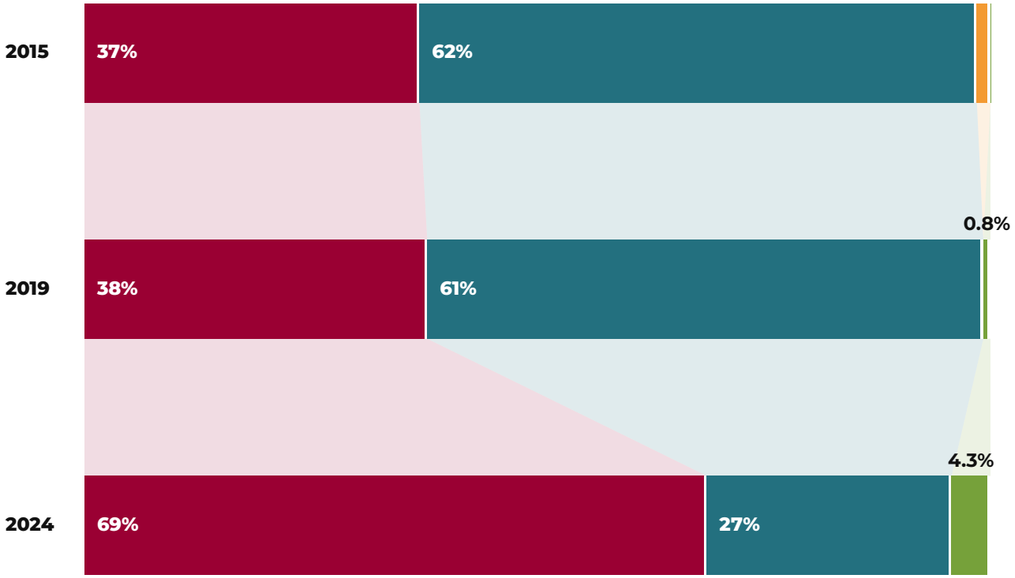

69%
At public 4-year institutions
+31.7 pp since 2015

27%
At public 2-year institutions
−34.5 pp since 2015

In fall 2024, public 4-year institutions enrolled **69%** of students, up 31.7 points from 37% in 2015. Public 2-year institutions enrolled **27%** of students, down 34.5 points from 62% in 2015.

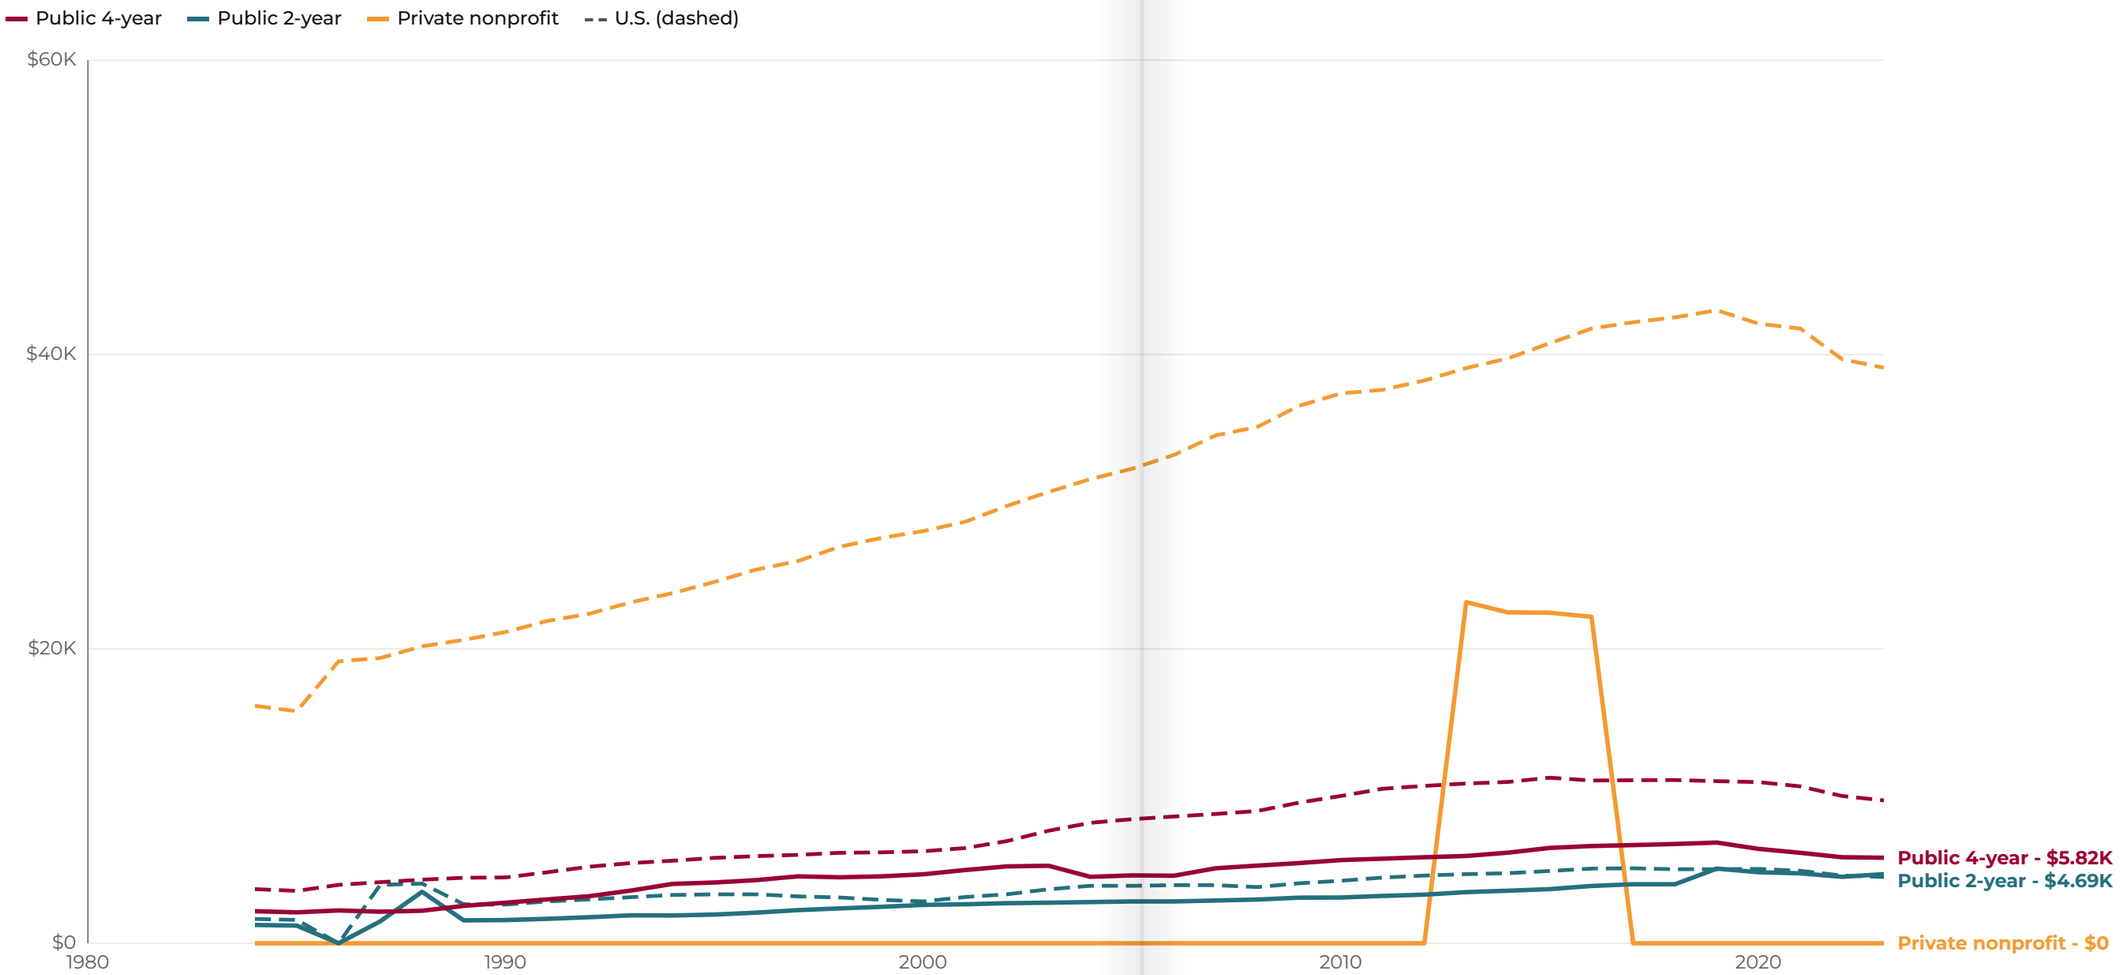

Part of the shift between public sectors is a change of label: 4 community colleges that IPEDS counted as public 2-year in 2015 are counted as public 4-year in 2024 because they began awarding bachelor's degrees. They enrolled **10.5K** students, 34% of the state's total, the largest being Laramie County Community College, Western Wyoming Community College, and Central Wyoming College.

Figure 31 Where Do Students Enroll?

Share of fall headcount enrollment by sector, 2015, 2019, 2024. Sectors as IPEDS classifies them each year; 4 former public 2-year colleges (34% of 2024 enrollment) count as public 4-year after they began awarding bachelor's degrees. Data from NCES, IPEDS.

Figure 32 What Does In-State Tuition Cost?

Published in-state tuition and fees, 2024 dollars (CPI-U); state solid, U.S. dashed. Data from NCES, IPEDS.

In-state tuition and fees at Wyoming's public four-year institutions are $5.82K (2023, 2024 dollars), 40% below the U.S. ($9.71K); the state ranks 50th of 51.

State and local appropriations come to $21.3K per full-time-equivalent student at public institutions (4th of 51), and net tuition makes up 22% of net tuition plus state and local appropriations (U.S. 43%).

$5.82K

U.S. **43%** · **49th** of 51 · +4.9 pp since 2015

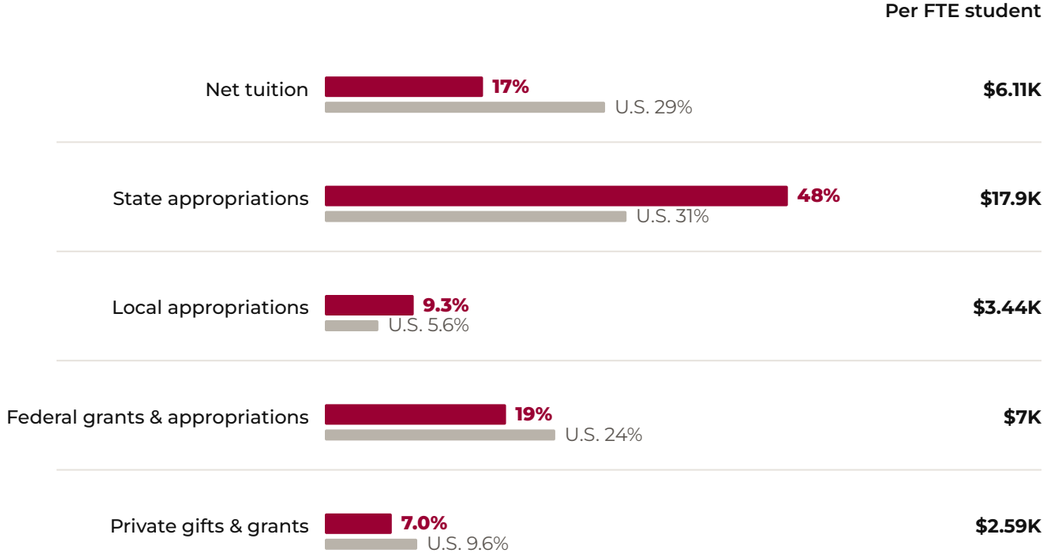

SECTION 13 · STUDENTS AND MONEY

How Are Wyoming's Public Institutions Funded, and What Do They Produce?

The bars give each source's share of the core revenue of Wyoming's public institutions, with the nation for comparison, and at right the dollars per full-time-equivalent (FTE) student it provides. Values are in 2024 dollars (CPI-U). Net tuition is tuition and fees after institutional discounts and allowances.

Net tuition per FTE student. The figure was $6.11K in FY2024, against $8.96K for the U.S., down 2.0% from $6.24K in FY2023 and up 27% since FY2015, when it was $4.8K.

Figure 33 How Are Public Institutions Funded?

Share of core revenue per FTE student by source, public institutions, FY2024; dollars per FTE at right, 2024 dollars (CPI-U). Shares are of all five sources; the tuition share elsewhere in this profile divides net tuition by net tuition plus state and local appropriations only. Data from NCES, IPEDS Finance.

$5.82K
In-state tuition, public 4-year, 2023

U.S. **12.3** · **50th** of 51 · +0.8 since 2015

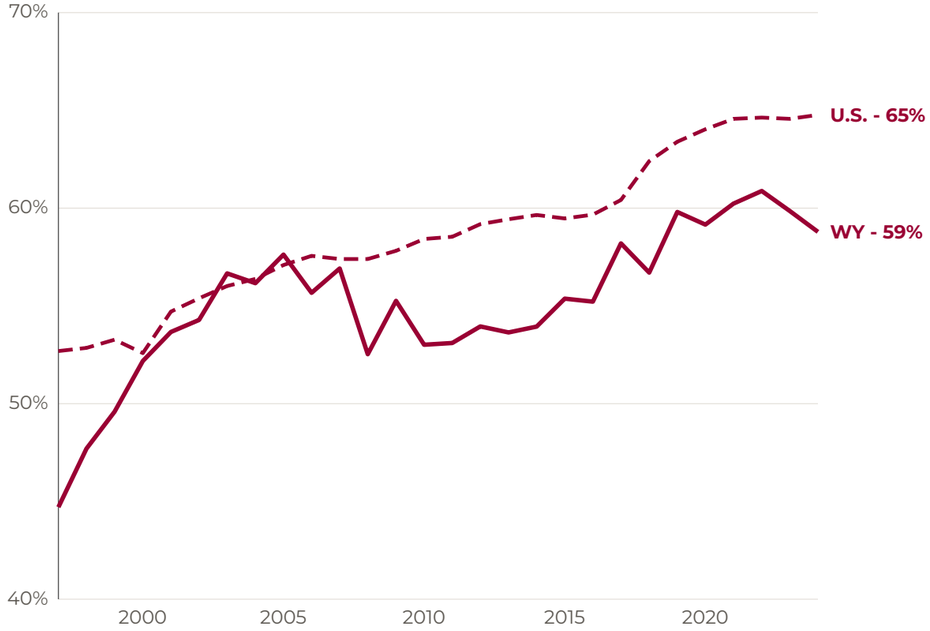

SECTION 14 · STUDENT OUTCOMES

How Many of Wyoming's Students Graduate?

The line follows the share of first-time, full-time bachelor's-degree students at Wyoming's four-year institutions who graduated from the institution where they started within six years (150% of normal time). Each year is the cohort that entered six years earlier. The rate leaves out students who start part-time (46% of the state's students attend part-time, against 39% nationally) and students who transfer and finish elsewhere. The state is solid and the United States dashed.

Six-year graduation rate. The rate was 59% in 2024, against 65% for the U.S., down 1.1 points from 60% in 2023 and up 3.4 points since 2015, when it was 55%.

Figure 35 Six-Year Bachelor's Graduation Rate

7.0
Bachelor's per 100 undergraduates, 2025
U.S. **12.3** · **50th** of 51

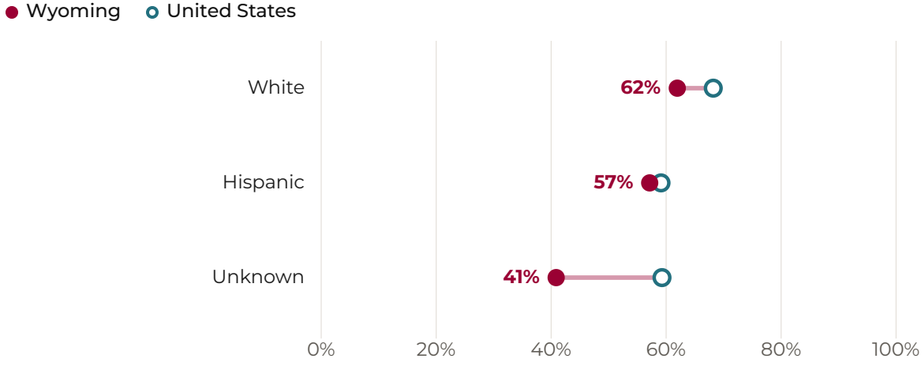

Each row is the six-year bachelor's graduation rate for one racial or ethnic group of students at Wyoming's four-year institutions (filled dot), against the national rate for the same group (open dot). Groups with fewer than 100 students in the cohort are left out.

White. The six-year rate was 62% in 2024, against 68% for the U.S.

Hispanic. The six-year rate was 57% in 2024, against 59% for the U.S.

Students of unknown race. The six-year rate was 41% in 2024, against 59% for the U.S.

Figure 36 How Do Graduation Rates Differ by Race and Ethnicity?

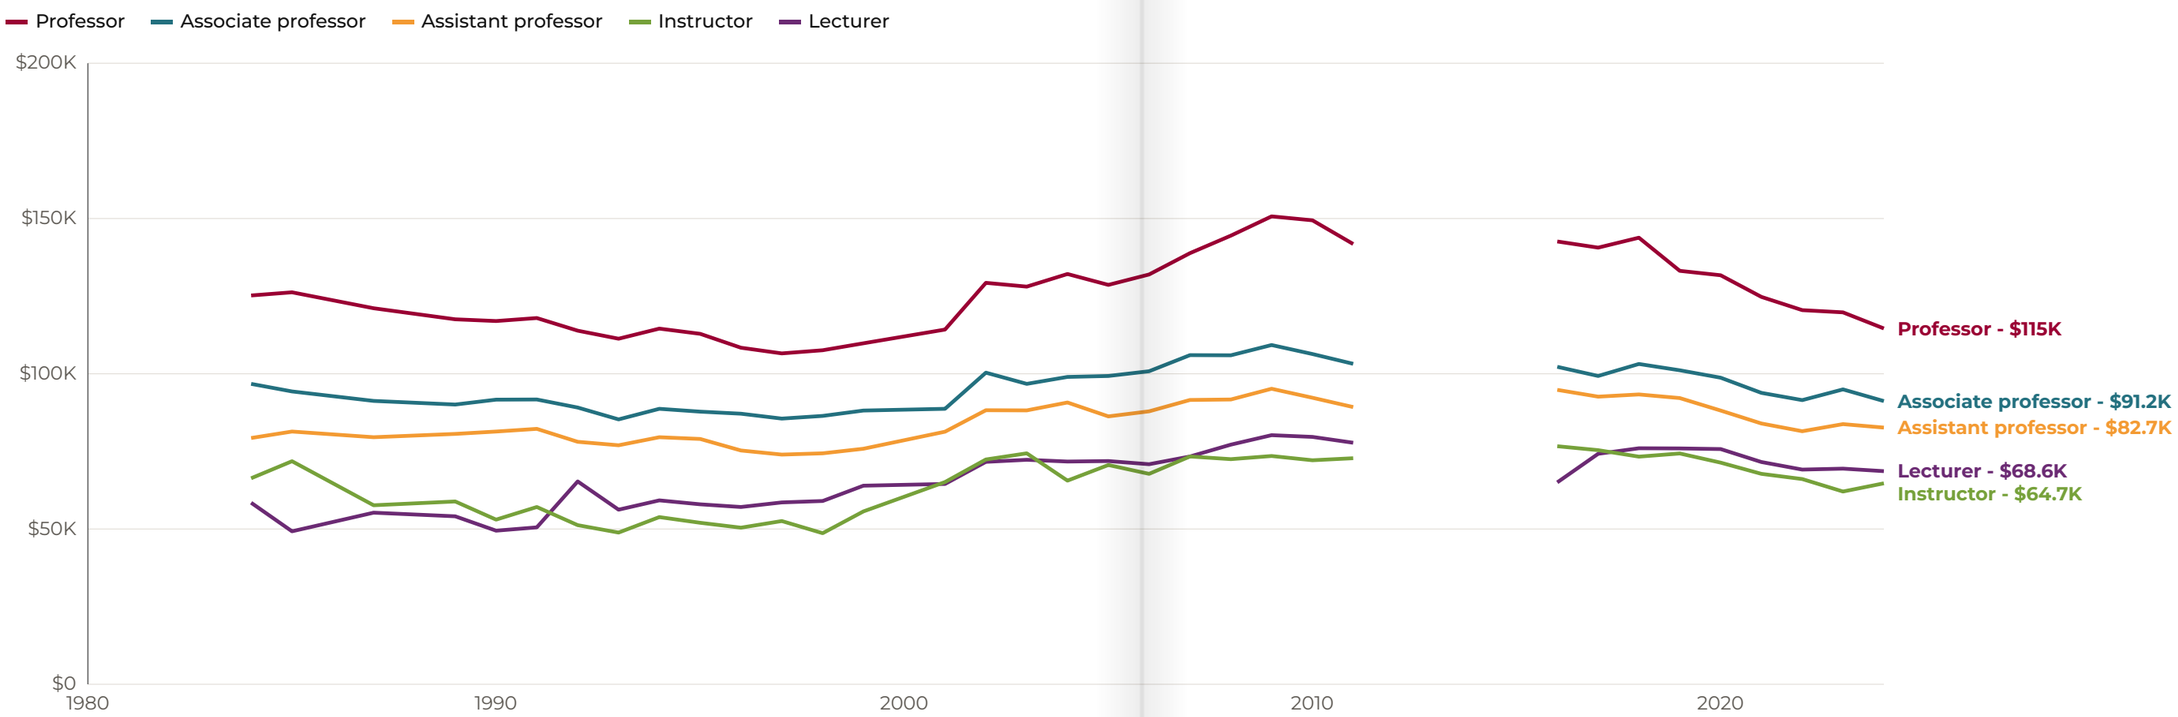

Six-year rate, 2024; groups with 100+ students. Data from NCES, IPEDS.

SECTION 15

Faculty

Wyoming ranks 38th of 51 on the average full-time faculty salary, at $85.4K in 2024 against $106K for the U.S.

Figure 37 What Do Wyoming's Faculty Earn, by Rank?

Average salary of full-time instructional faculty on 9/10-month contracts, by academic rank, 2024 dollars (CPI-U). Data from NCES, IPEDS Human Resources.

Full-time instructional faculty on 9/10-month contracts at Wyoming's institutions earned an average of $85.4K in 2024 (2024 dollars), 19% below the U.S. ($106K); the state ranks 38th of 51. By rank (2024): professors $115K, associate professors $91.2K, assistant professors $82.7K, instructors $64.7K, lecturers $68.6K.

Wyoming's institutions had 1.32K full-time instructional staff in 2024, down 7% since 2015. Average salary across all ranks is down 11% since 2016.

$85.4K

Average faculty salary, 2024

U.S. **$106K** · **38th** of 51 · −11% since 2016

SECTION 15 · FACULTY

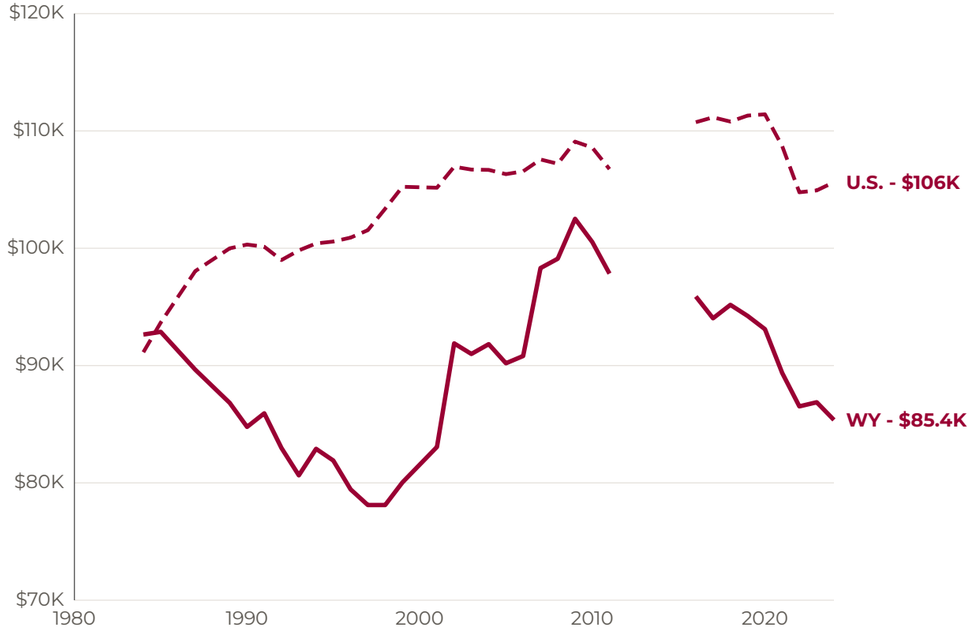

What Do Wyoming's Faculty Earn, and How Many Hold Tenure?

The line follows the average salary of full-time instructional faculty on 9- or 10-month contracts at Wyoming's degree-granting institutions, all ranks combined, in 2024 dollars (CPI-U). The state is solid and the United States dashed.

Average salary. The figure was $85.4K in 2024, against $106K for the U.S., 38th among the states, down 1.7% from $86.9K in 2023 and down 11% since 2016, when it was $95.9K.

Full-time instructional staff. The number was 1.32K in 2024, up 1.0% from 1.31K in 2023 and down 7.2% since 2015, when it was 1.42K.

Figure 38 Average Faculty Salary

Full-time instructional faculty, 9/10-month, 2024 dollars. Data from NCES, IPEDS.

1.32K
Full-time instructional staff, 2024

37%
Tenured, 2024

The bars divide Wyoming's full-time instructional staff by tenure status in 2015, 2019 and 2024: tenured, on the tenure track, not on the tenure track (for example, lecturers on fixed-term contracts), and staff at institutions with no tenure system.

Tenured, share of full-time instructional staff. The share was 37% in 2024, down 2.8 points from 39% in 2023 and down 8.9 points since 2015, when it was 46%.

Figure 39 Tenure Status

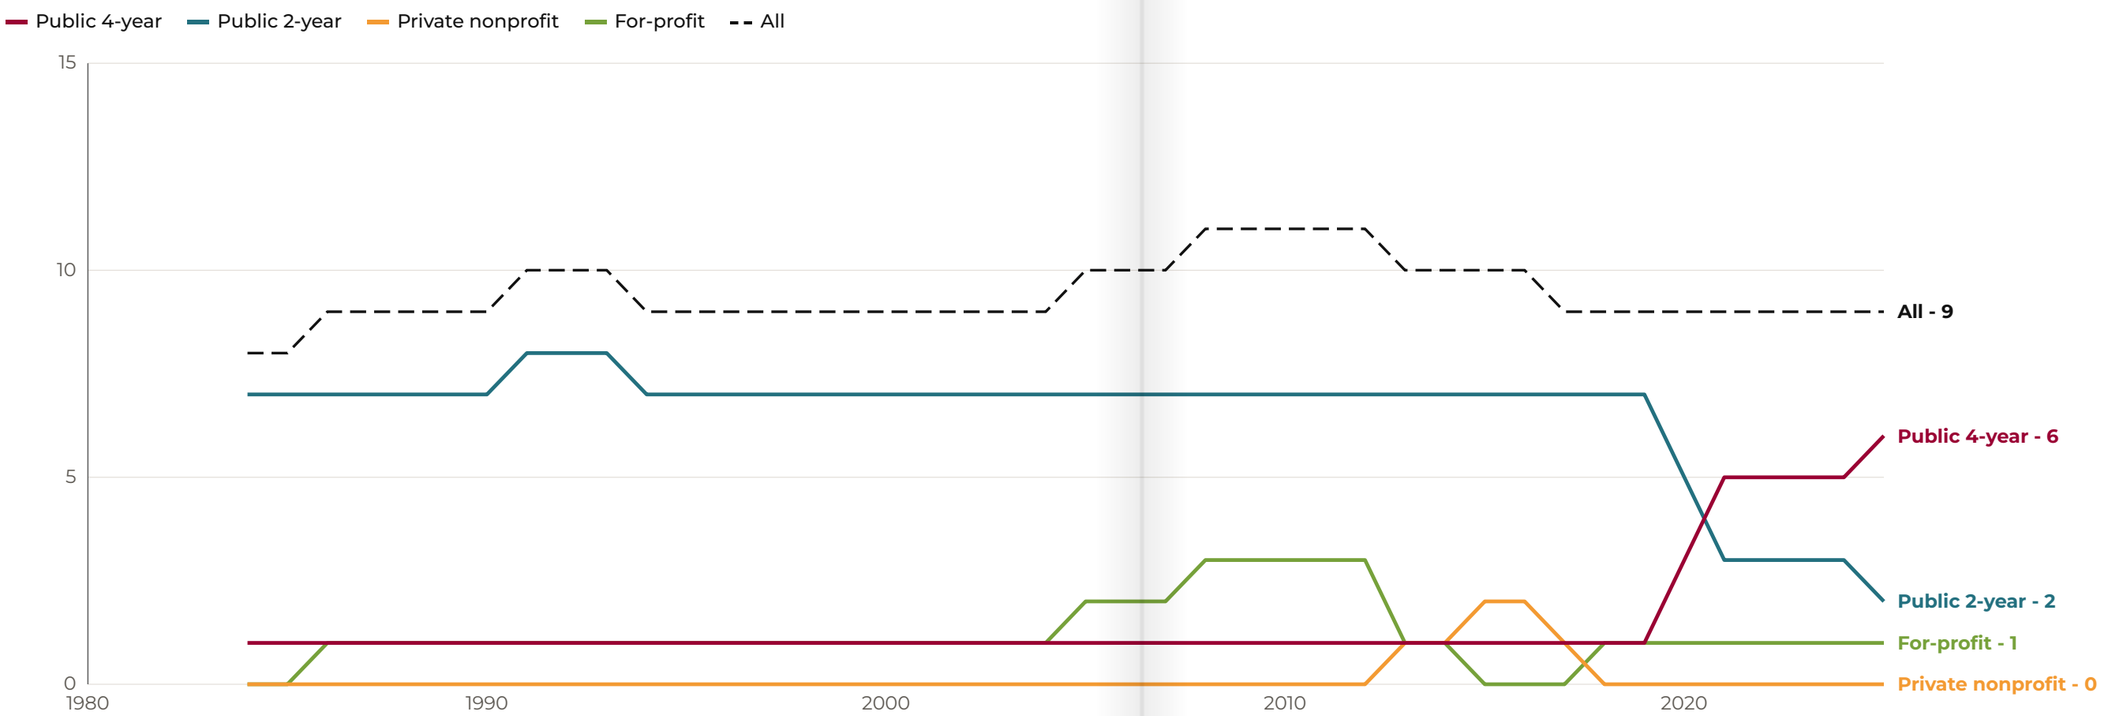

Full-time instructional staff by tenure status, 2015, 2019, 2024. Data from NCES, IPEDS.

SECTION 16

Institutions

Wyoming ranks 2nd of 51 on the share of enrollment at public institutions, at 96% in 2024 against 73% for the U.S.

Figure 40 How Many Institutions Does Wyoming Have?

Degree-granting institutions by sector. Data from NCES, IPEDS.

Wyoming has 9 degree-granting institutions:6 public 4-year, 2 public 2-year, 0 private nonprofit, 1 for-profit (2025).

The number of institutions is down 10% since 2015. 96% of students attend public institutions and 4.3% attend for-profit ones.

SECTION 16 · INSTITUTIONS

Which Institutions Lead in Wyoming?

The table lists Wyoming's largest degree-granting institutions by fall 2024 headcount enrollment, with the international share of graduate students, STEM bachelor's degrees awarded in 2025, the six-year graduation rate and the admission rate (a dash where the institution admits all applicants or does not report one).

Largest. The three largest were University of Wyoming (10.8K students), Laramie County Community College (4.19K students), and Northern Wyoming Community College District (3.53K students).

Table 8 What Are Wyoming's Largest Institutions?

Institution	Enrollment	Int. share, grad	STEM bachelor's	Six-year grad rate	Admit rate
University of Wyoming	**10.8K**	16%	428	59%	97%
Laramie County Community College	**4.19K**	–	–	–	–
Northern Wyoming Community College District	**3.53K**	–	–	–	–
Casper College	**3.4K**	–	–	–	–
Western Wyoming Community College	**2.65K**	–	–	–	–
Central Wyoming College	**2.21K**	–	–	–	–
Northwest College	**1.49K**	–	–	–	–
Eastern Wyoming College	**1.46K**	–	–	–	–
WyoTech	**1.33K**	–	–	–	–

Data from NCES, IPEDS.

NOTES

About These Data

International students

U.S. nonresidents on temporary visas, as IPEDS defines them. IPEDS does not record country of citizenship. Permanent residents count with U.S. citizens.

STEM

CIP families 03, 04, 11, 14, 15, 26, 27 and 40. Doctorates are research and scholarship doctorates; professional doctorates appear only in the degree-count figure. Degrees are first majors only.

Universe

Degree-granting institutions located in the state; Title IV participants from 1996. Geography is the institution's location, not the student's home. Enrollment is fall headcount.

Migration

First-time degree-seeking undergraduates by home state, reported in even years before 2001 and every year since; odd years with incomplete reporting are omitted. Net migration is students arriving from other states minus residents leaving, per 100 resident first-time students.

Money

Tuition, appropriations, revenue and faculty salaries are in 2024 dollars using the CPI-U. Research funding (HERD, Federal Funds, USAspending), wages and the NAFSA economic contribution are nominal dollars, and are labeled so. Appropriations and revenue are per full-time-equivalent student at public institutions; the tuition share divides net tuition by net tuition plus state and local appropriations.

Race and ethnicity

IPEDS did not collect race and ethnicity in every year before 2010, and categories changed in 2008–2010; “Two or more” exists only from then.

Countries of citizenship

From DHS SEVIS by the Numbers: active F-1 and M-1 student records in the month named, at every level from primary school to doctorate, by the state of the school. IPEDS records only whether a student is a U.S. nonresident, not where they come from. SEVIS counts are monthly snapshots and are not directly comparable with IPEDS fall enrollment or degree counts. Year-to-year comparisons use one fall snapshot per year (the month closest to November).

Peers

Comparison states are the four closest in total fall enrollment, measured proportionally: a state 1.5 times as large counts as near as one two-thirds the size.

Sources

IPEDS (National Center for Education Statistics) is the backbone: Institutional Characteristics, Fall Enrollment, Completions, Graduation Rates, Finance, Human Resources and Admissions, 1980–2025, harmonized into a state panel. The profile also draws on NAEP, NSF's Survey of Graduate Students and Postdoctorates, Survey of Earned Doctorates, HERD and Federal Funds surveys, USAspending.gov, DHS SEVIS by the Numbers and ICE SEVIS releases, the Department of Labor's Office of Foreign Labor Certification and BLS wage data, the USCIS H-1B Employer Data Hub, the Census Bureau's American Community Survey and Post-Secondary Employment Outcomes, USPTO PatentsView, and other federal sources; every figure names its source, and the Sources page lists them in full. Generated November 2026.

NOTES

How the Numbers Are Counted

Ranks

Ranks are among the 50 states and the District of Columbia (1 = highest value, whether or not a high value is good). Where fewer than 51 report, the count is given ("23rd of 33").

Sectors

Sectors are as IPEDS classifies institutions each year. IPEDS moves a whole institution to "public, 4-year or above" once it awards any bachelor's degree, so community colleges that began offering applied bachelor's degrees carry all of their students into the public 4-year sector. In Wyoming, 4 institutions counted as public 2-year in 2015 are counted as public 4-year in 2024; they enrolled 10.5K students (34% of the state's total, 49% of its public 4-year enrollment). Sector series (enrollment shares, public 4-year tuition, graduation rates by sector) reflect these moves.

Research doctorates

Two counts appear. IPEDS counts degrees institutions report as "doctor's degree, research/scholarship", which includes some practice-oriented degrees such as many Ed.D.s; the NSF Survey of Earned Doctorates counts research doctorate recipients and is smaller. Each figure names which it uses. "STEM master's per STEM research doctorate" divides IPEDS STEM master's degrees by IPEDS STEM research doctorates.

Engineering

"Engineering" alone is CIP 14. Where engineering technology (CIP 15) is added, the label says "engineering & eng. technology".

Graduation rates

IPEDS graduation rates follow first-time, full-time students and count only those who finish at the institution where they started, so they leave out part-time starters and students who transfer and finish elsewhere.

International students in SEVIS

SEVIS counts active F-1 and M-1 records, which include graduates on Optional Practical Training (up to 36 months for STEM graduates, 12 for others), so STEM shares run high. STEM follows the DHS STEM Designated Degree Program List, which is broader than the eight CIP families above, and DHS draws its STEM pages on a different basis from its all-student pages, so a country's STEM count can exceed its all-level count.

Visas and green cards

DOL labor condition applications (H-1B positions) are counted by worksite and include renewals and job changes; USCIS approvals are counted by the employer's address and split into new and continuing. PERM certifications are the employer's step toward a green card.

Patents

Patents are counted by the owner's (assignee's) location, not where inventors live; a company headquartered in another state takes its patents there.

Years

Each measure uses its latest year, so years differ across a page; every figure, table and statement gives its year, and lines that stop early are labeled with their last year.
